

### **Recycling Best Practices for Your Move-In:**

Do not put recycling in plastic bags.

Always flatten your cardboard boxes.

Place all bubble wrap and foam packing peanuts in the trash.

\*All recommendations apply if you have a recycling chute. If items are too big for the trash or recycling chute, do not force items down and place in trash room.

#### Now That You've Moved-In:

- Let your property manager or building owner know if you notice the recycling is overfull or needs more frequent servicing.
- If you have any questions about what can and can't be recycled use DC Zero Waste's "What Goes Where" tool at zerowaste.dc.gov/what-goes-where.
- Look up your nearest Food Waste Drop-Off to bring accepted food scraps for composting at zerowaste.dc.gov/foodwastedropoff.
